Schedule A - Change in Overall Method of Accounting (If Schedule A applies, Part I below must be completed.)

Part I	Change in	Overall Method	(see instructions)
--------	-----------	----------------	--------------------

1 Enter the following amounts as of the close of the tax year preceding the year of change. If none, state 'None.' Also, attach a statement providing a breakdown of the amounts entered on lines 1a through 1g.

	Amount
a Income accrued but not received	\$ 116,605.
b Income received or reported before it was earned. Attach a description of the income and the legal basis for the proposed method	-374,187.
c Expenses accrued but not paid	-52,391.
d Prepaid expenses previously deducted	5,844.
e Supplies on hand previously deducted and/or not previously reported.	None
f Inventory on hand previously deducted and/or not previously reported. Complete Schedule D, Part JI	None
g Other amounts (specify).	None
h Net section 481(a) adjustment (Combine lines 1a - 1g.).	\$ -304,129.

3 Attach copies of the profit and loss statement (Schedule F (Form 1040) for farmers) and the balance sheet, if applicable, as of the close of the tax year preceding the year of change. On a separate sheet, state the accounting method used when preparing the balance sheet. If books of account are not kept, attach a copy of the business schedules submitted with the Federal income tax return or other return (e.g., tax-exempt organization returns) for that period. If the amounts in Part I, lines 1a through 1g, do not agree with those shown on both the profit and loss statement and the balance sheet, explain the differences on a separate sheet.

Part II Change to the Cash Method For Advance Consent Request (see instructions)

Applicants requesting a change to the cash method must attach the following information:

- 1 A description of inventory items (items whose production, purchase, or sale is an income-producing factor) and materials and supplies used in carrying out the business.
- 2 An explanation as to whether the applicant is required to use the accrual method under any section of the Code or regulations.

Schedule B - Change in Reporting Advance Payments (see instructions)

- 1 If the applicant is requesting to defer advance payment for services under Rev Proc 71-21, 1971-2 CB 549, attach the following information:
- a Sample copies of all service agreements used by the applicant that are subject to the requested change in accounting method. Indicate the particular parts of the service agreement that require the taxpayer to perform services.
- b If any parts or materials are provided, explain whether the obligation to provide parts or materials is incidental (of minor or secondary importance) to an agreement providing for the performance of personal services.
- c If the change relates to contingent service contracts, explain how the contracts relate to merchandise that is sold, leased, installed, or constructed by the applicant and whether the applicant offers to sell, lease, install, or construct without the service agreement.
- d A description of the method the applicant will use to determine the amount of income earned each year on service contracts and why that method clearly reflects income earned and related expenses in each year.
- e An explanation of how the method the applicant will use to determine the amount of gross receipts each year will be no less than the amount included in gross receipts for purposes of its books and records. See section 3.11 of Rev Proc 71-21.
- 2 If the applicant is requesting a deferral of advance payments for goods under Regulations section 1.451-5, attach the following information:
- a Sample copies of all agreements for goods or items requiring advance payments used by the applicant that are subject to the requested change in accounting method. Indicate the particular parts of the agreement that require the applicant to provide goods or items.
- b A statement providing that the entire advance payment is for goods or items. If not entirely for goods or items, a statement that an amount equal to 95% of the total contract price is properly allocable to the obligation to provide activities described in Regulations section 1.451-5(a)(1)(i) or (ii) (including services as an integral part of those activities).
- c An explanation of how the method the applicant will use to determine the amount of gross receipts each year will be no less than the amount included in gross receipts for purposes of its books and records. See Regulations section 1.451-5(b)(1).

Schedule C - Changes Within the LIFO Inventory Method (see instructions)

Part I General LIFO Information

Complete this section if the requested change involves changes within the LIFO inventory method. Also, attach a copy of all Forms 970, Application To Use LIFO Inventory Method, filed to adopt or expand the use of the LIFO method.

- 1 Attach a description of the applicant's present and proposed LIFO methods and submethods for each of the following items:
- a Valuing inventory (e.g., unit method or dollar-value method).
- b Pooling (e.g., by line or type or class of goods, natural business unit, multiple pools, raw material content, simplified dollar-value method, inventory price index computation (IPIC) pools, etc).
- c Pricing dollar-value pools (e.g., double-extension, index, link-chain, link-chain index, IPIC method, etc).
- d Determining the current year cost of goods in the ending inventory (e.g., most recent purchases, earliest acquisitions during the year, average cost of purchases during the year, etc).
- 2 If any present method or submethod used by the applicant is not the same as indicated on Form(s) 970 filed to adopt or expand the use of the method, attach an explanation.
- 3 If the proposed change is not requested for all the LIFO inventory, specify the inventory to which the change is and is not applicable.
- 4 If the proposed change is not requested for all of the LIFO pools, specify the LIFO pool(s) to which the change is applicable.
- 5 Attach a statement addressing whether the applicant values any of its LIFO inventory on a method other than cost. For example, if the applicant values some of its LIFO inventory at retail and the remainder at cost, the applicant should identify which inventory items are valued under each method.
- 6 If changing to the IPIC method, attach a completed Form 970 and a statement indicating the indexes, tables, and categories the applicant proposes to use.

Part II Change in Pooling Inventories

BAA

- 1 If the applicant is proposing to change its pooling method or the number of pools, attach a description of the contents of, and state the base year for, each dollar-value pool the applicant presently uses and proposes to use.
- 2 If the applicant is proposing to use natural business unit (NBU) pools or requesting to change the number of NBU pools, attach the following information (to the extent not already provided) in sufficient detail to show that each proposed NBU was determined under Regulations section 1.472-8(b)(1) and (2):
- a A description of the types of products produced by the applicant. If possible, attach a brochure.
- b A description of the types of processes and raw materials used to produce the products in each proposed pool.
- c If all of the products to be included in the proposed NBU pool(s) are not produced at one facility, the applicant should explain the reasons for the separate facilities, indicate the location of each facility, and provide a description of the products each facility produces.
- d A description of the natural business divisions adopted by the taxpayer. State whether separate cost centers are maintained and if separate profit and loss statements are prepared.
- e A statement addressing whether the applicant has inventories of items purchased and held for resale that are not further processed by the applicant, including whether such items, if any, will be included in any proposed NBU pool.
- f A statement addressing whether all items including raw materials, goods-in-process, and finished goods entering into the entire inventory investment for each proposed NBU pool are presently valued under the LIFO method. Describe any items that are not presently valued under the LIFO method that are to be included in each proposed pool.
- g A statement addressing whether, within the proposed NBU pool(s), there are items both sold to unrelated parties and transferred to a different unit of the applicant to be used as a component part of another product prior to final processing.
- 3 If the applicant is engaged in manufacturing and is proposing to use the multiple pooling method or raw material content pools, attach information to show that each proposed pool will consist of a group of items that are substantially similar. See Regulations section 1.472-8(b)(3).
- 4 If the applicant is engaged in the wholesaling or retailing of goods and is requesting to change the number of pools used, attach information to show that each of the proposed pools is based on customary business classifications of the applicant's trade or business. See Regulations section 1.472-8(c).

Section A - Allocation and Capitalization Methods

Altach a description (including sample computations) of the present and proposed method(s) the applicant uses to capitalize direct and indirect costs properly allocable to real or tangible personal property produced and property acquired for resale, or to allocate and, where appropriate, capitalize direct and indirect costs properly allocable to long-term contracts. Include a description of the method(s) used for allocating indirect costs to intermediate cost objectives such as departments or activities prior to the allocation of such costs to long-term contracts, real or tangible personal property produced, and property acquired for resale. The description must include the following:

- 1 The method of allocating direct and indirect costs (i.e., specific identification, burden rate, standard cost, or other reasonable allocation method).
- 2 The method of allocating mixed service costs (i.e., direct reallocation, step-allocation, simplified service cost using the labor-based allocation ratio, simplified service cost using the production cost allocation ratio, or other reasonable allocation method).
- 3 The method of capitalizing additional section 263A costs (i.e., simplified production with or without the historic absorption ratio election, simplified resale with or without the historic absorption ratio election including permissible variations, the U.S. ratio, or other reasonable allocation method).

Section B — Direct and Indirect Costs Required To Be Allocated (Check the appropriate boxes in Section B showing the costs that are or will be fully included, to the extent required, in the cost of real or tangible personal property produced or property acquired for resale under section 263A or allocated to long-term contracts under section 460. Mark 'N/A' in a box if those costs are not incurred by the applicant. If a box is not checked, it is assumed that those costs are not fully included to the extent required. Attach an explanation for boxes that are not checked.)
